Horse

Hunting Dog

Labrador

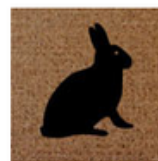

Old Labrador

Pheasant

Pig

Rabbit

Sailing Boat

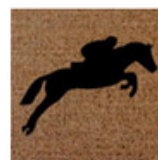

Salmon

Scottie Dog

Sheep

Show Jumper

Song Birds

Swallows

T-Rex

Topiary

Triceratops

- Motifs: Choose from 40 motifs. Each is a robust metal stencil that is pushed down into the coir fibres before the ink is applied to give a crisp and long lasting print finish
- Lettering: Depending on the size of your mat you might also like to add some lettering. The letters that match our motifs are 4 inches (approx 10cm) high in a smart block capital typeface.
- Location: As these designs are printed in ink, they will last longest if you use the mat indoors or under a covered porch. If you do decide to put a printed mat outside, it won't last as long.
- Other Ideas? Because of the production method we cannot change the size of these letters or tweak the design as they are pre-made metal stencils. However if you have a design in mind that is a little different, we can probably make that for you too, just on a different type of mat. Give us a call to discuss your requirements, we'll be delighted to help.
